Community College Local Strategic Value Resolution

Michigan Public Act 201 of 2012, signed by Governor Snyder on June 25, 2012, originates from an omnibus public education bill passed by the Michigan Legislature that includes an appropriation for Lake Michigan College. Among the components of the appropriations for all Michigan community colleges is performance funding based on "local strategic value," which is defined in terms of three categories:

- Economic Development and Business or Industry Partnerships
- Educational Partnerships
- Community Services

Each category covers five standards of local strategic value, called "best practices." The law requires the Lake Michigan College Board of Trustees to pass a resolution certifying that the College meets at least four out of five of the best practice standards under each of the three categories.

ACTION

It was recommended that the Lake Michigan College Board of Trustees approve the following resolution, as presented.

RESOLUTION

The Lake Michigan College Board of Trustees certifies that the College does meet the best practice standards required for state appropriations under Michigan Public Act 201 of 2012.
