
Request for Review of Dependency Status | 2023-2024

The Financial Aid Office at Lake Michigan College may only consider a student under the age of 24 as independent/self-supporting if unusual circumstances exist; for example, when a custodial parent has died, or when situations of physical, emotional, or sexual abuse exist. If and only when there is an unintentional, involuntary, and uncontrollable break in the relationship between parents and student, LMC may be able to consider you an independent student. To make that determination we will need a detailed written explanation and supporting documentation.

Incomplete appeals without the required supporting documentation will be denied.

The following are NOT acceptable reasons to grant a student independent status (singly or in combination), and will not be considered:

- Student living at home (or with relatives) but paying rent.
- Student has ongoing arguments with parents.
- Student has chosen to leave parent's home and put himself/herself through college.
- Student's parent/stepparent has chosen not to provide support for the student's college expenses and/or refuses to provide financial information on the FAFSA or for verification purposes.
- Parents do not claim the student as a dependent for income tax purposes.
- Student demonstrates total self-sufficiency and/or lives on their own.

Financial Aid will review your request based on the documentation submitted.
Notification of the results will be sent to you via your LMC WaveLink account.
