FOUNDATION

SCHOLARSHIPS

100 Women Strong

The 100 Woman Strong Scholarship is designed to help, support, and encourage female students who have a passion for succeeding but might lack the financial resources to invest in their education.

The scholarship will help students get started on a path to a better job, career, and life.

Academic Mathematics Scholarship

Gloria Vanderbeck, Lake Michigan College alumna and recipient of the Lake Michigan College Alumni Award, created this scholarship to encourage excellence for students enrolled in mathematics classes. As a former Benton Harbor High School math teacher, Ms. Vanderbeck understood the importance of math proficiency.

Based on the achievement of a grade A in Calculus I, students continuing to the next level in mathematics will be eligible for the award as long as they maintain a grade of A in each level of mathematics, Calculus II, and III, and Differential Equations.

Academic Success Scholarship

It is the intent of the Fredrick S. Upton Foundation to assist families of students with good academic performance and aspirations to get a 4-year degree. These families are not normally eligible for traditional forms of financial aid, and the scholarship would assist in meeting the actual costs of attendance.

Al & Sue Pscholka Family Endowed Scholarship

The Al and Sue Pscholka Family Endowed Scholarship is intended for students overcoming barriers to higher education. Former State Representative Al Pscholka grew up in a single-family home and improved academically during his college years. This scholarship is intended to help those learners who are determined not to let barriers stand in their way of academic achievement and are committed to lifelong learning.

Andy Reves Memorial Scholarship

This scholarship was made possible by the generosity of Jill Claeys and Janie Reves in the memory of Andy Reves. This scholarship provides financial assistance to otherwise self-supporting students who are pursuing a college education without the benefit of parental support.
